ANNUAL SALARY ORDINANCE

Fiscal Year Ending June 30, 1951

File No. 5150, Ordinance No. 6105 (Series of 1939).

An ordinance enumerating all positions continued or created by the Board of Supervisors in adopting the Annual Budget and Appropriation Ordinance for the fiscal year ending June 30, 1951, continuing, creating or establishing these positions; enumerating and including therein all positions established under the San Francisco Unified School District and all positions created by Charter or State law for which compensations are paid from City and County funds and appropriated in the Annual Appropriation Ordinance; authorizing appointments or continuation of appointments thereto; specifying and fixing the compensations and work schedules thereof; and authorizing appointments to temporary positions and fixing compensations therefor: An emergency ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Establishment, Creation and Continuation of Positions: In accordance with the provisions of Section 73 of the Charter, the positions hereinafter enumerated under the respective departments are hereby created, established or continued for the fiscal year ending June 30, 1951. Positions created or authorized by Charter or State law and positions established under the San Francisco Unified School District compensations for which are paid from City and County funds and appropriated in the Annual Appropriation Ordinance are enumerated and included herein.

The word "position" or "positions" as used in this ordinance shall be construed to include "office" or "offices" and the word "employee" or "employees" shall be construed to include "officer" or "officers."

Section 1.1. Appointments and Vacancies—Permanent Positions: Appointing officers as specified in the Charter are hereby authorized, subject to the provisions of this ordinance, to make or continue appointments as needed during the fiscal year to permanent positions enumerated in their respective sections of this ordinance. Such appointments shall be made in accordance with the civil service provisions of the Charter. The Civil Service Commission shall be notified immediately of any change in the duties of a position herein established or of a vacancy occurring in a position herein enumerated. Appointing officers shall not make an appointment to a vacancy in a permanent position until the Mayor shall approve the requisition for such service; provided that in order to prevent the stoppage of essential services the Civil Service Commission, under its rules, may authorize an emergency appointment pending approval or disapproval of the requisition by the Mayor, if funds are available to pay the compensation of such emergency appointee. The requisition for such service shall be filed with the Civil Service Commission and if the proposed employment and compensation are legally authorized as herein provided, the Secretary of the Commission shall so certify and shall promptly transmit the requisition to the Mayor for his approval or disapproval. If the requisition is approved by the Mayor he shall promptly transmit it to the Controller for certification as to the availability of funds for the compensation of the proposed employment.

Section 1.2. Appointments—Temporary Positions: Temporary appointments to positions defined by the rules of the Civil Service Commission as seasonal or temporary positions may be made by the respective appointing officers in excess of the number of permanent positions herein established or enumerated and such other temporary services as required at rates not in excess of salary standardization schedules if funds have been appropriated and are available for such temporary service. Such appointments shall be made in accordance with the civil service provisions of the Charter. No appointment to such temporary or seasonal position shall be made until the Mayor shall approve the requisition for such service; provided that in order to prevent the stoppage of essential services the Civil Service Commission, under its rules, may authorize an emergency appointment pending approval or disapproval of the requisition by the Mayor, if funds are available to pay the compensation of such emergency appointee. The requisition for filling such a position shall first be filed with the Civil Service Commission and if the proposed employment and the compensation are legally authorized as herein provided, the Secretary of the Commission shall so certify and shall promptly transmit the requisition to the Mayor for his approval or disapproval. If the requisition is approved by the Mayor he shall promptly transmit it to the Controller for certification as to the availability of funds for the compensation of the proposed employment. No such appointment shall continue beyond the period for which the Controller has certified the availability of funds.

Section 1.3. Compensation at Entrance to Municipal Service: Any employee entering the municipal service in any position, the compensation for which is subject to the salary standardization provisions of the Charter as set forth in Section 151, Section 151.1 and Section 151.3 therein, shall be paid the entrance rate fixed for the classification in the schedules of compensation adopted by the Board of Supervisors pursuant to the provisions of Section 151, Section 151.1 and Section 151.3 of the Charter to which the position occupied by the employee is allocated; provided that where an existing position in the municipal service has heretofore been exempt from the salary standardization provisions of the Charter and becomes subject thereto, or where a new position becomes subject to salary standardization provisions of the Charter by reason of the acquisition of a public utility, the employee holding such position shall, for the purpose of determining the salary or wage to which such employee is entitled under the schedules of compensation, be credited with prior service had in such position immediately prior to such change in the status of the position provided that there was no interruption in the service of the employee at the time of such change in the status of the position; and provided further that employees, other than physicians, assigned to positions in the Hassler Health Home, Isolation Division, Chest Clinic, or Tuberculosis Wards of the San Francisco Hospital, whose duties require continuous, direct and personal contact with patients suffering from contagious diseases shall be paid Ten Dollars (\$10.00) per month more than the amount to which they are otherwise entitled. The extra compensation referred to shall be paid only upon certification by the Director of Public Health that employees are performing duties which entitle them to the extra compensation as provided in this section.

Section 1.4. Compensation Adjustments: Compensations of all employees under permanent status whose compensations are subject to salary standardization provisions of the Charter shall be adjusted on July 1, 1950, to the amount that such employees are entitled to receive under the schedules of compensation adopted by the Board of Supervisors and in effect on July 1, 1950, pursuant to the provi-

sions of Section 151, Section 151.1 and Section 151.3 of the Charter in accordance with their years of service as therein provided and calculated as set forth in Section 1.3 hereof, and shall thereafter be in accord therewith, subject, however, to the provisions of Section 1.3 and 1.5 hereof.

Salary adjustments based on years of service as provided in the schedules of compensation shall be effective and due on the first of the month following the anniversary of the date of permanent appointment of the employee to his current position, subject to the provisions of Sections 1.3 and 1.5 hereof. No employee shall receive a salary adjustment as herein provided unless he shall have actually rendered service in his position for the major portion of the year preceding the anniversary of his appointment on which the increment otherwise accrues, provided that absence of an employee on approved military leave or the absence of an employee from his regular civil service position by reason of holding a promotive position in the City and County service shall not be deemed absence from service for the purpose of computing salary adjustments, and periods of such absence shall be credited in the same manner as actual service rendered.

Section 1.5. Compensation Upon Promotion or Transfer or Re-employment: An employee under appointment to a position in a promotive classification who received in his former position a salary equal to or more than the entrance salary provided under the salary standardization schedules for such promotive classification shall enter such promotive classification at that salary fixed for such promotive class in the schedules of compensation which is immediately in excess of the salary which the employee received prior to his appointment to such promotive classification, and shall thereafter, if permanently appointed thereto without interruption in service, receive annual seniority increments effective the first of the month following anniversary of appointment to the promotive position until the maximum of the class is reached.

An employee transferred in accordance with Civil Service Commission rules from one department to another, but in the same classification, shall transfer at his current salary, provided that if the current salary is in excess of the maximum fixed in the salary standardization schedules for the classification to which he is appointed, he shall be reduced to such maximum.

An employee who has acquired permanent status in a position and who is laid off because of lack of work or funds and is re-employed in the same class after such lay-off shall be paid a salary or wage which shall include credits for actual service in such class from date of permanent appointment in the class.

An employee heretofore under limited tenure appointment to a permanent position who with no interruption in the continuity of employment, is continued in the position under non-civil service appointment, shall be paid during the period of such non-civil service appointment a compensation based on service under said limited tenure appointment and if he is appointed with no interruption in service to a position in the same classification from a list of eligibles established by regular examination procedure pursuant to the provision of Section 145 of the Charter, shall be certified to such appointment at a salary which is based upon his original date of limited tenure appointment to a permanent position in such class.

An employee heretofore under limited tenure appointment to a permanent position who with no interruption in the continuity of employment has been or is appointed to a position in the same classification from a list of eligibles established by regular examination

procedures pursuant to the provisions of Section 145 of the Charter, shall be paid a salary which is based upon his original date of limited tenure appointment to a permanent position in such class. The one-day lay-off between temporary certifications required under the rules of the Civil Service Commission shall not be deemed an interruption in service or continuity of employment as provided in this and the preceding paragraph.

When an employee promoted to a higher classification during 1949-50 will receive a lesser salary than if promoted in the same class during 1950-51, his salary shall be adjusted on July 1, 1950, to the rate he would have received had he been promoted in 1950-51. This refers only to employees who were receiving the maximum salary in the class from which promoted.

Provided further, that when an appointee occupying a permanent position who is receiving therein a salary above the entrance salary, desires to accept a permanent appointment from a non-promotive eligible list to a position in another class, the Civil Service Commission shall determine on the basis of duties and responsibilities whether or not the appointee shall enter the new position at the entrance rate or at a rate of pay within the compensation schedule of the new position.

Section 1.6. Normal Work Schedule for Employees Whose Compensations Are Fixed on a Monthly Basis: A normal work day for employees whose compensations are fixed in the schedules of compensation on a monthly basis shall consist of a tour of duty of eight hours work completed within nine hours and a normal work week shall consist of such tours of duty on each of five consecutive days a week; provided, however, that in departments that do not have normal seven-day operation, a normal work week shall consist of such tours of duty on each Monday through Friday, inclusive. The compensations fixed in the schedules of compensation adopted by the Board of Supervisors pursuant to the provisions of Section 151 or Section 151.3 of the Charter on a monthly basis are in full payment for services rendered during a calendar month under this normal work schedule. Other than the occupants of the positions, specified in Section 1.7 to 1.37, inclusive hereof, or as provided in Section 2 hereof, no officer or employee shall be required to work more than the normal work schedule.

Section 1.7. Exceptions to Normal Work Schedule for Which Extra Compensation Is Not Authorized: In order that there shall be no diminution of service to the public it shall be the duty of the head of each department to arrange and assign the work of his department so that sufficient employees will be on duty on Saturday morning in each department which is required to be open for the conduct of public business on Saturday morning, provided that time worked on Saturday morning by employees on a normal work week schedule shall be compensated by equal time off in accordance with the rules of the Civil Service Commission. Employees whose positions are allocated to the classes included in Division R—Recreation Service, and employees whose positions are allocated in Division X—Library Service, may at the discretion of the appointing officer work the 40-hour schedule within six days without additional compensation or time off. Occupants of the positions specified in Section 1.7.1 to Section 1.7.8 hereof shall work such hours as may be necessary for the full and proper performance of their duties and shall receive no additional compensation for work in excess of eight hours per day for five days per week, but subject to rule of the Civil Service Commission, may be granted time off not to exceed the time worked in excess of forty hours per week:

Section 1.36. At the discretion of the respective appointing officers, employees of the following offices may be required to work a four or eight-hour tour of duty on Saturday provided that time worked on Saturday shall be compensated by equal time off in accordance with the rules of the Civil Service Commission:

In the office of the Registrar of Voters, three months prior to an election and fifteen days after an election; and in the office of Tax Collector, November 1st to December 20th, March 1st to May 15th and during the month of August, and the staff of the License Bureau and cashiers in the Tax Collector's office during the months of July and January.

Section 1.38. Exceptions to Normal Work Schedule—Part-time Services: Except as provided in Sections 1.7 and 2.1 hereof a tour of duty of less than eight hours' work a day for employees whose compensation is fixed on a monthly basis shall be considered part-time employment, and compensation thereof shall be fixed herein at a rate based upon the full-time rate for the classification, proportionate to the hours worked, with due regard to seniority of service, provided that these provisions shall not apply to physicians employed in their professional capacity on a call basis or on a regular consultant basis or to consultants employed to render a consulting professional service. Positions occupied by part-time employees other than those on night

shifts having a tour of duty of seven and one-half hours, shall be recorded as such by a department head, only with the approval of the Civil Service Commission and, when so recorded shall be noted as part-time on payrolls, budget estimates, salary ordinance and similar documents.

Intermittent service is hereby defined as service, requiring less than five days of work per week, each of such days, however, to be a normal work schedule. Employees paid a part-time or intermittent rate of pay as established in the Salary Standardization Ordinance shall not be paid more than the amount earnable on the regular monthly compensation schedule.

Section 2. Emergency Overtime and Compensation Therefor: It is the policy of the City and County to establish a five-day 40-hour week work schedule for its employees insofar as feasible, as set forth in Section 1.6 hereof. Wherever circumstances or exigencies of the service demand, appointing officers, subject to the provisions of this section, may require employees to work longer than eight hours per day or longer than the normal work schedules established under Section 1.6 hereof or longer than the exceptions authorized under Sections 1.7 to 1.38 hereof. Except as indicated in Section 7 hereof, any time worked under proper authorization of the appointing officer by an employee, exclusive of part-time employees, whose compensations are subject to the provisions of Section 151 of the Charter and fixed in the schedules of compensation on a monthly, hourly, or daily basis, in excess of the regular work schedule of employees as fixed in the said sections or as authorized under Section 1.7 hereof, shall be designated as emergency overtime and shall be compensated at one and one-half times the rate of compensation fixed herein for the normal work schedule, provided that compensation for such emergency overtime shall be based on a maximum compensation of \$400 per month for the normal work schedule, and provided further, that no compensation as provided in this section for emergency overtime shall be paid for the purpose of keeping City or County or City and County offices and departments open on Saturday morning.

Appointing officers shall not authorize or permit employees to work emergency overtime as provided in this section nor shall overtime compensation be paid unless funds are appropriated specifically for paying the compensations of employees performing such emergency overtime work, and are available therefor, or unless an actual emergency exists as defined by law, or the failure to perform emergency overtime work would cause damage to life and/or property. When so authorized by the appointing officer, the emergency overtime worked shall be recorded separately on time-rolls opposite the name of the employee and the facts and circumstances warranting or requiring the overtime work shall be clearly set forth thereon, or in an attached communication. The Civil Service Commission shall submit to the Board of Supervisors a monthly report showing the amount of extra compensation paid to employees for emergency overtime work each month under the provisions of this section.

No employee shall be paid for emergency overtime work as herein provided unless the duties performed by him during such overtime work are included in the classification in which the employee is regularly and legally serving, provided that when work in a department must be completed within time limitation fixed by law, and the Civil Service Commission determines that no unemployed person or persons in the classification involved are available to perform the work and approve the assignment of employees of a different classification in that department or from other departments to perform the work under the provisions of Section 141 of the Charter, said employees may be compensated for such emergency overtime at rates of pay for their regular civil service classification.

Compensation for emergency overtime worked as provided in this section shall be paid on an hourly basis. The Civil Service Commission shall cause a schedule of hourly rates to be established for the purpose of computing hourly rates of pay, and this schedule shall be in accordance with the provisions of Section 151 of the Charter and shall be the basis of computing compensation for emergency overtime worked.

If and when the Civil Service Commission determines that overtime payments in a department are excessive and finds that the required work can be performed to better advantage and more economically than through overtime work, the Civil Service Commission shall so report to the Board of Supervisors in order that the Board of Supervisors may consider the advisability of establishing additional employments in such departments or take such other action as may be deemed advisable.

Compensation fixed in the schedules of compensation on a per diem basis and converted and included herein on a monthly basis shall be subject to the provisions of this section.

Section 2.01. Overtime Payment for Members of Police and Fire Departments and Compensations Therefor: Under the provisions of Section 35.5½ of the Charter salary warrants for extra time served by members of the Police Department shall be payable from the regular salary appropriation of the Police Department or from any appropriation made for such purpose, and at no time shall extra compensation be authorized or paid in amounts exceeding the available unencumbered balance in any such appropriation.

Under the provisions of Section 36.1 of the Charter, salary warrants for extra time served by officers and members of the uniformed force of the Fire Department shall be payable from the regular appropriation of said uniformed force, and at no time shall extra compensation be authorized or paid in amounts exceeding the available unencumbered balance in said appropriation.

Section 2.1. Night Shift Work and Extra Compensation Therefor: A night shift is a tour of duty of 7½ hours work completed within 8½ hours or 8 hours work completed within 9 hours, which tour of duty commences after 2 p. m. and prior to 6 a. m. Employees whose compensations are fixed herein on a monthly basis who are regularly required to work a night shift of 7½ hours shall be paid the same amount of compensation as for 8 hours work on a normal day schedule and employees regularly required to work a night shift of 8 hours shall be paid 6¼ per cent more than the amount to which they are otherwise entitled. This provision shall not apply to employees whose compensations are fixed herein on a per diem or hourly basis.

Section 2.2. Split Shift Work and Compensation Therefor: A tour of duty of 8 hours work completed within 11 hours but extended over more than 9 hours shall be considered a split shift, provided that employees of Camp Mather who are subject to split shift working conditions, may, during the summer season, work a tour of duty of eight hours to be completed within thirteen hours. There shall be only one split in any shift. Employees required to work a split shift shall be paid one dollar per day above the compensation to which they are otherwise entitled. This provision shall not apply to employees whose compensations are fixed herein on a per diem or hourly basis.

Section 2.3. Work Performed Under Contract and Compensation Therefor: In the execution and performance of any contract awarded to a city department under the provisions of Sections 95 and 98 of

the Charter the rates fixed herein shall not apply to employments engaged therein, and in lieu thereof, not less than the highest general prevailing rate of wages in private employment for similar work, as fixed by a resolution of the Board of Supervisors and in effect at the time of the award of said contract, shall be paid to employees performing work under such contract.

Section 2.4.a. Holidays for Employees Whose Compensations Are Fixed on a Monthly Basis, and Compensation Therefor: Except when normal operations require or in an emergency, employees, other than members of the uniformed forces of the Police and Fire Departments, whose compensations are fixed on a monthly basis in the schedules of compensations adopted by the Board of Supervisors pursuant to the provisions of Section 151 of the Charter shall not be required to work on the following days hereby declared to be holidays for such employees: January 1, February 12, February 22, May 30, July 4, September 9, October 12, November 11, December 25, but in the event one of these days falls on Sunday, the Monday following shall be observed as a holiday; the first Monday of September (Labor Day); any day appointed by the President of the United States or the Governor of California as Thanksgiving Day; any day declared to be a holiday by proclamation of the Mayor after such day has theretofore been declared a holiday by the Governor of the State of California or the President of the United States; and any day on which an election is held throughout the State; provided that the Board of Education may, for its own employees, substitute for the holidays declared above an equal number of different holidays. Such employees required by their respective appointing officers to work on any of the above specified holidays, or employees of the Board of Education, shall be paid extra compensation in the amount of eight hours' pay for eight hours worked or a proportionate amount for less than eight hours worked, or eight hours' pay for seven and one-half hours worked on a night shift, or a proportionate amount for less than seven and one-half hours worked. The amount of a day's pay for a holiday worked shall be determined by dividing the number of work days in the year (including holidays enumerated herein) computed under the work schedule as defined in Section 1.6 hereof, into the current annual salary for the position. Provided further that occupants of positions enumerated in Section 1.7 to Section 1.7.8 hereof (administrative and executive positions) who are required by appointing officers to work on such holidays shall not receive extra compensation, but may be granted time off equivalent to the time worked. Provided, however, that persons employed for holiday work only shall not receive the extra compensation referred to herein. Employees assigned to departments where the services of their positions are required for seven-day operation shall be allowed another day off if their regular day off falls on one of the holidays specified herein.

Section 2.4.b. Holidays for Employees Whose Compensations Are Fixed on an Hourly or Daily Basis: Any time worked by employees whose compensations are fixed on an hourly or daily basis under the provisions of Section 151 of the Charter, shall be compensated at double time on the following holidays: New Year's Day, Washington's Birthday, Memorial Day, Independence Day, Labor Day, Admission Day, Thanksgiving Day, and Christmas Day. This section shall apply only to employees occupying regular full-time and part-time positions. Provided, however, that persons employed for holiday work only shall not receive the extra compensation referred to herein.

Section 2.4.01. Time Off for the Purpose of Voting: Every employee shall, on the day of every municipal or state-wide election at which he is entitled to vote, be permitted to absent himself from any service or employment in which he is then engaged for not more than

two consecutive hours between the time of opening and the time of closing the polls, for the purpose of voting. The voter shall not, because of so absents himself, be liable to any penalty nor shall any deduction be made on account of such absence from his usual salary or wages. It is hereby declared to be the intent of this section to give employees up to two consecutive hours off to vote only where it is necessary in order that they may be able to exercise their franchise. It is not intended as a right to take time off when not needed for voting. The respective appointing officer shall grant or deny each request for such time off upon the basis of the facts surrounding the particular request.

Section 2.4.1. Calculation of Compensation for Temporary and Non-Civil Service Employees of the Registrar of Voters for Work on Election Day: Regardless of the provisions of Section 2.4 hereof, or any other section of the annual salary ordinance, employees of the office of the Registrar of Voters who are under temporary or emergency appointment in entrance classification, shall not be paid premium pay, or any extra day's pay, for work on Election Day, but shall be paid for such service at the regular rate of pay specified in the salary standardization schedules for the respective classifications under which such temporary or emergency appointees are engaged.

Section 2.4.2. Method of Calculation of Compensation Earned: An employee whose compensation is fixed herein on a monthly basis shall be paid one-half the monthly salary herein provided for his position if, during the payroll period of a half month he works every work day included in the normal work schedule defined in Section 1.6 hereof. Deduction in the amount of one day's pay shall be made for each work day in said normal work schedule for each such work day not worked, provided that no deduction shall be made as provided in this section for absences compensated according to law as vacation, sick leave with pay, military leave with pay, or compensating time off. The amount of a day's pay shall be determined by dividing the number of work days (including holidays enumerated in Section 2.4 hereof) in the work schedule as defined in Section 1.6 hereof in the payroll period into half the monthly salary provided herein for the position.

An employee whose services are terminated the day before a holiday enumerated in Section 2.4 hereof who has worked not less than five consecutive work days next preceding termination of employment shall be paid for such holiday.

Section 2.5. Method of Conversion of Rate of Pay From Per Diem Basis to Monthly Basis and Application Thereof: In converting compensation schedules established in the schedules of compensation adopted by the Board of Supervisors pursuant to the provisions of Section 151 or Section 151.3 of the Charter on a per diem basis for inclusion in the annual salary ordinance as a monthly rate, the conversion shall be made using the factor 21.08 days for a 5-day week work schedule; 23.25 for a 5½-day week work schedule; and 25.42 for a 6-day week work schedule, all of which factors include allowance for the eight holidays listed in Section 2.6 hereof. In calculating conversions from per diem to monthly salary rates, figures shall be rounded to the next highest half dollar. The Civil Service Commission shall establish schedules of such conversion rates as the basis of payment when converted rates are required.

Section 2.5.1. Method of Conversion of Annual or Monthly Rates to Semi-Monthly Rates: When rates of compensation provided on an annual or monthly basis are converted to semi-monthly rates for payroll purposes and the resulting amount involves a fraction of a cent, the converted semi-monthly rate shall be adjusted to eliminate

such fraction of a cent on the following basis: When the fraction is less than one-half ($\frac{1}{2}$), it shall be dropped, and the amount reduced to the next full cent. When the fraction is one-half ($\frac{1}{2}$) or more the amount shall be increased to the next full cent.

Note: Contents of Section 2.6 Overtime—Per Diem Employees to and including 2.6.8 to be included in Salary Standardization Ordinance adopted under provisions of Section 151.3 of the Charter.

Section 2.7. Overtime—Per Diem—Miscellaneous: In accordance with established working conditions for theatrical stage employees, working schedules on holidays and Sundays shall be compensated for at the same rate as for week days, provided permanent employees in classes A165 Stage Carpenter and E109 Stage Electrician who are required to work a performance on a Sunday shall be allowed a day off during the week.

Employees in Classes A165 Stage Carpenter, A170 Stage Property Man, and E109 Stage Electrician, shall be paid time and one-half when required to work over eight hours per day.

All actual "performance" work performed by Stage Hands (Class C109) shall be compensated as provided by salary standardization schedules. All work exclusive of that done during a performance shall be compensated at the rate of \$1.75 per hour between the hours of 8:00 a. m. and 5:00 p. m., and \$2.25 per hour between the hours of 5:00 p. m. and 8:00 a. m.

Section 2.7.01. Appointing officers shall not authorize or permit employees to work emergency overtime, nor shall overtime compensation be paid, unless funds are appropriated specifically therefor and are available for paying the compensations of employees performing such emergency overtime work, or unless an actual emergency exists as defined by law, or the failure to perform emergency overtime work would cause damage to life and/or property. When so authorized by the appointing officer, the emergency overtime worked shall be recorded separately on timerolls opposite the name of the employee and the facts and circumstances warranting or requiring the overtime work shall be clearly set forth thereon. The Civil Service Commission shall submit to the Board of Supervisors a monthly report showing the amount of extra compensation paid to employees for emergency overtime work each month under the provisions of this section.

If and when the Civil Service Commission determines that overtime payments in a department are excessive and finds that the required work can be performed to better advantage and more economically than through overtime work, the Civil Service Commission shall so report to the Board of Supervisors in order that the Board of Supervisors may consider the advisability of establishing additional employments in such departments or take such other action as may be deemed advisable.

Section 2.7.1. Holidays for Platform Men and Bus Operators and Payment Therefor: Any time worked by platform employees and bus operators on New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day shall be considered as work on holidays and such holiday work shall be compensated at one and one-half times the rate herein provided for regular work time, but in the event one of these days falls on Sunday, the Monday following shall be observed as a holiday.

Section 2.8. Charges and Deductions for Maintenance: The compensations fixed herein for all employees whose compensations are subject to the provisions of Section 151 or Section 151.3 of the Charter, and including also those engaged in construction work outside the

City and County of San Francisco, are gross compensations and include the valuation of maintenance provided such employees. Charges and deductions therefor for any and all maintenance furnished and accepted by employees shall be made and indicated on timerolls and payrolls in accordance with the following schedule of charges. Section 87. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance; if any compensation herein fixed is held to be contrary to the provisions of the Charter or other law or statute such decision shall not affect the validity of any other compensation fixed in this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance and each section, subsection, sentence, clause and phrase hereof, and approved and adopted each rate of compensation herein, irrespective of the fact that any one or more other sections, subsections, clauses or phrases may be declared unconstitutional, or that any compensation may be declared contrary to law.

Section 88. This ordinance is passed as an emergency measure and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists which necessitates this ordinance being passed as an emergency measure and this ordinance becoming effective forthwith, the nature of the emergency being: To comply with time limitations set forth in Section 73 of the charter, which requires that the annual salary ordinance shall be passed at the same time as the annual appropriation ordinance. By virtue of the unfavorable vote on referendum of the salary standardization ordinance submitted to the voters at the election of June 6, 1950, said ordinance did not go into effect and the annual salary ordinance theretofore enacted containing the schedules of compensation provided therein, was vetoed. It is therefore necessary to enact this ordinance, containing schedules of compensation now in effect, as soon, under the circumstances, as may be done after the passage of the annual appropriation ordinance for the fiscal year 1950-1951, and it is also necessary to pass this ordinance as an emergency measure, in order that it may be in effect by the first day of said fiscal year, July 1, 1950.

I hereby certify that the foregoing ordinance was passed by the Board of Supervisors of the City and County of San Francisco at its meeting of June 26, 1950.

JOHN R. McGRATH, Clerk.

Approved, June 27, 1950.

ELMER E. ROBINSON, Mayor.
